Subject: FW: FW: Copper Development Association Request to Reconsider Registration of Antimicrobial Cupron Enhanced EOS Surface

This is an attachment for the CDA petition letter I just emailed.

John Hebert, Chief
Regulatory Management Branch I
Antimicrobials Division
Office of Pesticide Programs
Environmental Protection Agency
703-308-6249

Joe,

In consultation with our general counsel we have decided to handle your letter as a petition. Therefore, in the near future, we will be sending your letter to Cupron. Following a discussion with Curpron, we anticipate further internal technical discussions before we finalize a response.

As you may know, Dennis Edwards retired from the agency earlier this summer. John Hebert, cc'd above, is the new Acting Branch Chief of AD's Regulatory Management Branch I. He will be managing the petition response.

Regards,
Jennifer

Jennifer L McLain, PhD
Deputy Director
Antimicrobials Division
Office of Pesticide Programs
